RAILROAD INTERESTS.

EVANSVILLE AND TERRE HAUTE SOLVENT RECEIVER GRAMMER'S APPLICATION FOR A DISCHARGE GRANTED BY JUDGE BRIGGS.

Chicago, Sept. 9.—Veterans of the Grand Army made themselves seen and heard in the White City today. They came early, in pairs, by dozens, by fours, and nearly all brought their families. They came in the honored uniforms, their coats emblazoned with medals and gilded badges, the relics of the National Encampment. They came with their flags and their fifes and drum corps, to give a martial and patriotic appearance to the peaceful park. It was a genuine Grand Army Men's Day, as well as California and Utah's day. Many of the posts came in line early to the west plaza of Administration Building for the new Liberty Bell dedication exercises. They were disappointed to find that the ringing ceremonies had been postponed for a few hours. So they continued marching, and listened with delight to the old war tunes rendered by the Exposition bands. The George W. Cook Zouaves and life and drum corps attracted a big crowd by their appearance and musical performance. The Illinois posts were most numerous in the veteran throngs. All the posts in the park paraded at 2 o'clock.

California's unique mission-like building was gay with colors when the gates of the Fair were opened this morning. Over the wide portals of ancient Spanish-American design, and on the walls were grouped in festoons, in an fashion and other odd but artistic ways, the flags and colors of the United States. The interior of the big building was full of Californians. Among the delegations from the state were 290 members of the Chamber of Commerce from Los Angeles, who came in a special train to represent Southern California interests, many for the first time. Ordinary visitors were drawn into the building at an early hour by the stirring music of the 3d Wisconsin Regiment band. The exercises in the building were opened by James D. Phelan, vice-president of the State commission, who welcomed all California men to the newly United States Senate. Senator M. White, the orator of the day, and other speakers were President T. V. Palmer and Addison Ballard, of Chicago, president of the Western California Farmers. Poems and songs with State sentiments by California men and women added to the attractiveness of the exercises.

TO CELEBRATE INDIANA DAY.

Indianapolis, Sept. 9 (Special).—The programme for Indiana Day at the World's Fair, which has been set for September 27, is announced to-day as follows: Music by the Fort Wayne band, sons by the Hoosier Nightingales of Elkhart, address by Benjamin Harrison, address by Senator Vorhees, recitation by James Whitcomb Riley, address by General Lew Wallace, address by R. W. Thompson, ex-Secretary of the Navy. Governor Matthews, who has formally proclaimed the day to the people of the State, will preside. There will be a reception after the programme is concluded by the Governor, his staff and the speakers.

POLITICS IN THE CATHOLIC CONGRESS.

Chicago, Sept. 9.—Politics made its appearance on the floor of the Roman Catholic Congress to-day and in five minutes the hall was in an uproar. Irish politics occasioned the trouble, but all ended satisfactorily. Cardinal Gibbons had made the closing address of the congress, but before Chairman O'Brien could declare it adjourned T. B. Fenton, of Kansas, began to speak on the Irish question. There were hisses in the various parts of the hall, and cries of "Out of order!" but he persisted and presented resolutions sympathizing with the Irish and referring to Gladstone's Home Rule Bill. Finally Judge Moran suggested to the chairman that the matter had been put aside by the Committee on Resolutions because it was politics, and if brought up now should include all nationalities. Mr. Fenton said that he would accept an amendment to that effect. The resolution was amended by including among those to whom sympathy was extended, the Poles, the Jews in Russia and "all the people whom any tyrannical government persecutes," and was adopted.

Chairman O'Brien announced that the business of the congress was concluded, and Cardinal Gibbons delivered the closing address. He paid a high tribute to the educational advantages of this country and spoke of the work done by the Roman Catholic schools and colleges.

CLOSE OF THE CATHOLIC CONGRESS.

Chicago, Sept. 9.—The closing session of the Catholic Congress was marked by no falling off in attendance, and the Hall of Columbus was crowded with delegates and visitors when Chairman O'Brien called the gathering to order. The reports of the various committees were acted upon, after which the sections to which the various papers had been referred submitted their reports. After the adoption of resolutions deciding anew the allegiance of the delegates to the Church, farewell addresses were delivered by several dignitaries of the church, including Bishop Keane, of the Washington University, and Cardinal Gibbons.

FOR A NEW-YORK CITY DAY AT CHICAGO.

Mayer Gilroy and E. V. Sulmer, bridge trustees, had a conference yesterday about making arrangements for a grand New-York City Day at the World's Fair. Mr. Skinner said that transportation to and from Chicago and hotel accommodation there for three days, with admission to the grounds, could be had for \$40. All the trunk lines, he felt sure, would go into the scheme. He proposed that the 7th Regiment be taken alone, and that various trade organizations and other associations send delegations. If this plan could be carried out, New-York's crowd would eclipse every other special day at the Fair.

The Mayor favored the project as outlined by Mr. Skinner, and said that he hesitated about taking action in his official capacity. A citizens' meeting may be called and a committee appointed to take charge of and organize the project.
